Heavy Duty Steel Mobile Racking System Customizable Layers with 30000kg/layer Load Capacity

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Qifei
- Certification: ISO9001 CE SGS
- Model Number: Mobile Racking
- Minimum Order Quantity: 10
- Price: 50
- Packaging Details: Standard Export
- Delivery Time: 20 days after deposit
- Payment Terms: 30% deposit, 70% before delivery
- Supply Ability: 8000ton/year

Product Specification

- Trolley Length: Up To 90m
- Load Capacity: 30000kg/layer
- Speed: Up To 4.2m/min
- Wheel Type: Heavy Duty
- Number Of Layers: Customized
- Material: Steel
- Color: Customized
- Usage: Warehouse Storage
- Highlight: **mobile racking system customizable**, **customizable mobile pallet racking system**, **30000kg/layer mobile racking system**

Speed: Up To 4.2m/min
Bay Width: Up To 5m
Color: Customized
Material: Steel
Load Capacity: 30000kg/layer
This Mobile Racking System is a movable racking solution that can handle heavy loads up to 30000kg/layer. With a speed of up to 4.2m/min, you can easily reposition the mobile pallet rack to fit your changing storage needs. The bay width can reach up to 5m, providing ample space for your items. You can also customize the color to match your branding or warehouse design.

Technical Parameters:

Trolley Length	Up To 90m
Surface Treatment	Powder Coating
Adjustable Height	Yes
Operating Temperature	-30~+40
Load Capacity	30000kg/layer
Height	Up To 15m
Usage	Warehouse Storage
Bay Width	Up To 5m
Wheel Type	Heavy Duty
Color	Customized

Applications:

The Qifei Mobile Racking System is designed to meet ISO9001, CE, and SGS certifications, ensuring that it meets international standards for quality, safety, and reliability. It features a manual or motor locking mechanism that ensures that your stored items are secure at all times. This locking mechanism makes it easy to operate and adjust the shelves, allowing you to customize the racking system to your needs.
The Qifei Mobile Racking System is suitable for a variety of applications, including manufacturing facilities, distribution centers, and warehouses. Its compact design allows you to maximize your storage space, making it an ideal solution for businesses with limited storage space. It is also a perfect solution for businesses looking to expand their storage capacity without having to relocate to a bigger facility.
The Qifei Mobile Racking System is customizable, allowing you to choose the number of layers that suit your needs. It has an operating temperature range of -30°C to +40°C, making it suitable for use in different environments. Whether you need to store food, chemicals, or other temperature-sensitive items, the Qifei Mobile Racking System can be modified to meet your needs.
In conclusion, the Qifei Mobile Racking System is a movable racking solution that provides optimal storage space utilization and is suitable for a range of applications. Its compact design, durability, and customizable features make it an ideal solution for businesses looking to maximize their storage capacity without having to relocate. So why wait? Order yours today and experience the benefits of the Qifei Mobile Racking System.

Support and Services:

The Mobile Racking System product technical support and services include:
- Installation guidance and support
- User manual and documentation
- Troubleshooting and maintenance assistance
- Training for operators and maintenance personnel
- Upgrade and customization options
