

## Heavy Duty Warehouse Pallet Racking System Customized Color And Size

Our Product Introduction

For more products please visit us on [warehouse-rackings.com](http://warehouse-rackings.com)

### Basic Information

- Place of Origin: China
- Brand Name: Qifei
- Certification: ISO9001 CE SGS
- Model Number: Heavy Duty Pallet Racking
- Minimum Order Quantity: 10
- Price: TBD
- Packaging Details: Standard Export
- Delivery Time: 20 days after deposit
- Payment Terms: 30% deposit, 70% before delivery
- Supply Ability: 8000ton/year

### Product Specification

- Closed: Open
- Material Thickness: 1.5-2.5mm
- Levels: 2-8 Levels
- Size: Customized
- Address: Nanjing, Jiangsu
- Pitch Of Beam: 50-75mm
- Package Size: 1000.00cm \* 1000.00cm \* 1000.00cm
- Capacity: 1000kgs/shelf
- Highlight: Customized Color Pallet Racking System, Customized Size Pallet Racking System, Warehouse Pallet Racking System

### Product Description

Pallet racking system, also called beam type heavy duty storage racks with plug-in and self lock assembly structure. This type of racking system is currently a more commonly used type of storage system, widely used in various fields such as factory, third-party logistics, distribution centers, and warehouse supermarkets. This type of racking is widely used in high-bay warehouses, and shelves in automated warehouses are also widely used.

#### Product Description:

Upright columns of pallet racking system are cold-rolled and processed by continuous roll forming. Upright frames are assembled structure. It is connected with a high-strength safety pin to ensure the safety and reliability of the connection between the beam and the upright during forklift operation.

Our Product Introduction

#### Product Specifications:

Pallet racking system consists of a full range of basic components and accessories to fulfill all of your requirements. The system is designed for the optimized storage of goods of all sizes and weights. All components have been thoroughly tested to determine their mechanical properties. These are used to calculate the safe load capacity of each component and ensure that they meet the stringent requirements for Pallet Racking.

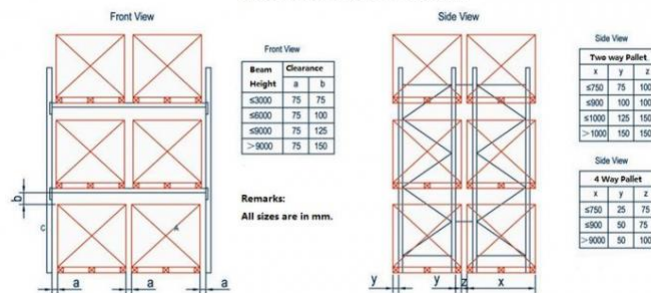

#### 1.Common specification as follows:

Upright Post: depth 800-1200mm, height 2m-14m

Beam standard common length: 2300mm, 2500mm, 2700mm, 3300mm

Forklift passage width: 2200mm-3800mm,It can be customized according to the selected forklift and pallet size.

#### RACK DESIGN CLEARANCE STANDARD

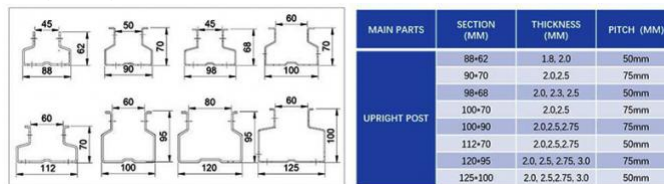

#### 2. Surface Finish:

The finish of all painted parts for Pallet racking system is an Epoxy-powder coating polymerized at 180 °C. The standard colors are RAL 5010 (= dark blue) for the frames and RAL 2004 (=pure orange) for the beams. Protectors are painted in RAL 1018 (= golden yellow). Some smaller parts have a galvanized finishing. Special colors are available on request.

#### 3. Components Specifications:

#### Applications:

The Heavy Duty Pallet Racking is ideal for various occasions and scenarios such as manufacturing, distribution centers, warehouses, and storage facilities. It is perfect for businesses looking to increase their storage capacity and efficiency. The racking system can be customized to fit your specific space requirements and can have 2-8 levels, making it easy to store different products of varying heights. The Heavy Duty Pallet Racking is available in powder-coated or galvanized finish and has a material thickness of 1.5-2.5mm. This ensures that the racking system is durable and can withstand heavy loads. It is also easy to maintain and clean. In conclusion, Qifei's Heavy Duty Pallet Racking is an ideal industrial strength pallet storage system for businesses looking to increase storage capacity and efficiency. It is durable, easy to maintain, and can be customized to fit your specific space requirements. Whether you are in manufacturing, distribution, or warehousing, the Heavy Duty Pallet Racking is a reliable solution for all your pallet storage needs.

#### Customization:

Style	Warehouse Storage Pallet Rack
Dimension	Standard Pallet:1200*800 / 1200*1000 / 1100*1100 / 1066*1220 Depth:1000MM / 900MM / 1020MM Width: 2700MM / 2300MM / 2500MM / 2432MM Height::pitch is adjusted by increments of 75mm Customized Pallet:contact us directly

Upright	80*60; 90*60; 90*70; 90*75; 100*67; 100*70; 100*75; 120*75; 120*87mm, Thickness:1.5~3.0mm
Beam	Height:80~160mm; Width:45mm/50mm; Thickness:1.5~2.5mm
Material	Q235B
OEM&ODM	Available
Surface Treatment	Galvanized/Powder Coating
Color	Customized
Sample	Available
General Use	Warehouse Shelving/Rack, etc.
