

Customizable Rectangular Wire Mesh Stackable Containers Folding Container

Our Product Introduction

For more products please visit us on warehouse-rackings.com

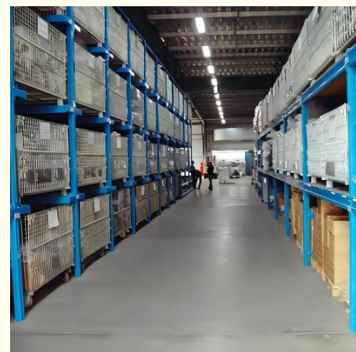

Basic Information

- Place of Origin: China
- Brand Name: Qifei
- Certification: ISO9001 CE SGS
- Model Number: Wire Mesh Container
- Minimum Order Quantity: 10
- Price: TBD
- Packaging Details: Standard Export
- Delivery Time: 20 days after deposit
- Payment Terms: 30% deposit, 70% before delivery
- Supply Ability: 8000ton/year

Product Specification

- Shape: Rectangular
- Multi-Purpose: Yes
- Material: Steel
- Color: SILVER/Customized
- Stackable: Yes
- Wire Hole: 50-100mm
- Wire Diameter: 4.2-6mm
- Customization: Available
- Highlight: Rectangular Wire Mesh Stackable Containers, Customizable Wire Mesh Stackable Containers, Folding Wire Mesh Stackable Containers

Our Product

Product Description

Product Description:

The storage cage has numerous advantages that make it an ideal choice for storage enterprises. It offers a fixed storage capacity,

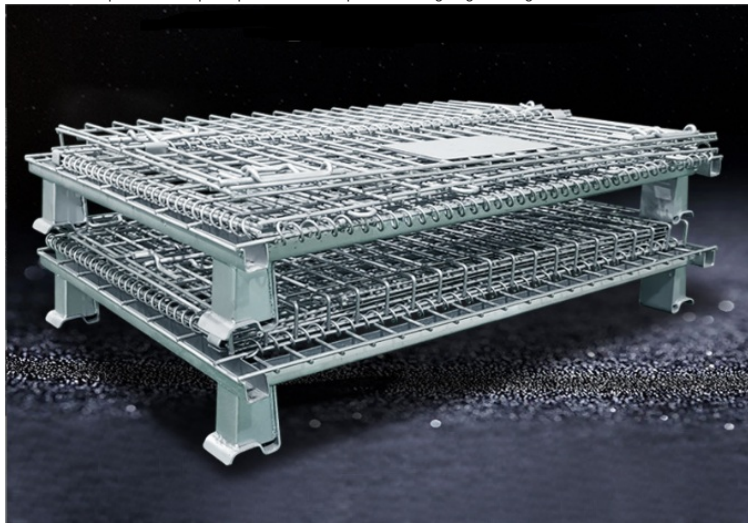

allowing for better inventory management and clear, easy-to-see storage. The clean stacking feature of the cage keeps your products organized and in a neat pile. Additionally, it improves the effective utilization rate of storage space, thereby increasing the overall efficiency of your storage area.

Durability and Convenience

One of the best things about this product is its durability. Made to last a long time, the storage cage can be reused for many different applications. It is also incredibly convenient for transportation thanks to its lightweight and easily manageable features. By using this product, your storage enterprise can effectively reduce labor consumption and packaging costs, saving you time and money.

Multi-Purpose Use

The improved storage cage can be used in many different settings. It is perfect for use in factory production workshops and is also ideal for use in supermarkets for display promotion and storage. The versatile design allows it to be placed on shelves, assembly lines, or stacked for easy and convenient storage. Additionally, the storage cage with wheels makes for fast turnover in the workshop, while the one with PVC plate or iron plate prevents small pieces from going missing.

Features:

Our steel products are made with excellent welding techniques using cold rolled hardening. This results in a product with high strength and high loading capacity.

The unified specifications and fixed capacity of our products allow for easy inventory management. The three-dimensional storage design also allows for goods to be stored at a glance, making it easy to access and manage inventory.

Our products are galvanized, which not only makes it visually pleasing but also extends its service life by protecting it against oxidation.

The use of international standards means that it can be used seamlessly with containers, effectively improving the utilization rate of space.

Our products can be stacked up to four layers while remaining stable. This three-dimensional storage approach also helps to maximize space utilization further.

All our products undergo environmental protection treatment that ensures sanitation and immunization. The turnaround time, storage, and recycling do not pollute the environment.

Efficient operation can be carried out with various equipment, including forklift trucks, ground cows, lift machines, crane and others. This makes it easier for industries to operate with our products.

Our products are built with a folding structure, which results in a lower product recovery cost. These products are an alternative to wooden packaging boxes which have higher costs.

Lastly, our products can be installed with wheels at the bottom. This feature makes it extremely convenient for internal turnover within the factory.

Technical Parameters:

Loading capacity (kg)	Size (mm)	Wire diameter (mm)	Weight (kg)
200	800*600*640	4.8	21
300	1000*800*840	4.8	28
400	800*600*640 1000*800*840	4.8/5.2	23
500	1000*800*840 1200*1000*890	4.8/5.2	35/36
600	800*600*640 1000*800*840	5.4/5.6	26/38
700	1200*1000*890	4.8/5.2	40/43
800	800*600*640 1000*800*840	5.6/5.8	28/41
900	1200*1000*890	5.6	47
1000	800*600*640 1000*800*840	5.8/6.0	30/44
1200	1000*800*840 1200*1000*890	5.6/6.0	45/54
1300	1200*1000*890	5.8	56
1500	1200*1000*890	6	60
