

Combined Mobility Steel Metal Pallet for Heavy Duty Stacking Racking System Customized

Our Product Introduction

for more products please visit us on warehouse-rackings.com

Basic Information

Product Specification

- Model NO.: QF-Pallet
- Material: Steel
- Structure: Pallet
- Type: Pallet
- Mobility: Combined
- Height: 0-5m
- Weight: 100-3000kg
- Closed: Open
- Development: Conventional
- Serviceability: Common Use
- Color: Customized
- Lead Time: 20 Days
- Surface Treatment: Galvanized/Powder Coating
- Feature: Anti-Wear/Anti-Rust
- Transport Package: Standard Export Packing

Product Description

Product Description

Steel Pallet is becoming more and more popular all around the world.

Steel pallet is made up of **support feet** and **face board**.

It can be sorted as **two-way access type** and **four-way access type**.

It is mainly used for ground storage, shelf storage, cargo transport and turnover, as container, stacking, handling and transportation of the place as a horizontal platform device unit load of goods and products, and is now an important warehousing and transportation industry auxiliary equipment one.

The key features and parameters of a roll-out sheet rack include:

Size	1000x800mm, 1000x1000, 1100x1100mm, 1200x800mm, 1200x1000mm, 1200x1200mm Customized
Height	125mm, 150mm or customized
Load Capacity	100~3000kg
Color	Blue/Orange/Grey/Yellow or customized
Forklift Entry	2-way/4-way
Application	Warehouses, factories, industrial units, stockrooms, distribution centre, workplace, workshops, supermarkets, grocery stores, etc

DETAILS DISPLAY

Thickening Material & Edge Bar Reinforcement

Back Reinforcement & Strong Foot

High Quality Steel & Operated Easily By Forklift

Customized Design To Meet All Your Needs

The number of panels can be increased or decreased as required

The pallet can be made to double-sided structure for double-sided use

Galvanized & two-way access
Semi-covering
1-5cm interval

Galvanized
Two-way access
No interval, better capacity

Powder Coating
Two-way access
Semi-covering, 1-5cm interval

Powder Coating
Two-way access
No interval, better capacity

Powder Coating
4-way access
Semi-covering, 1-5cm interval

Powder Coating
4-way access
No interval, better capacity

Double-sided galvanized round corner
pallet

Patterned plate steel pallet
Increase load-bearing capacity, anti-slip

Precautions for choosing pallets

Please combine with your actual use when you choose pallet, the main factors are as follows:

- 1, **The size of your warehouse**, to determine the placement of your pallet and the number of required.
- 2, **The size and quantity of the goods** placed on your pallet determines the size of your pallet.
- 3, **The weight of the goods** placed on your pallet, to determine the weight of your pallet.
- 4, **Different ways of use** (your pallet is placed on the ground or need to put on the shelf by using a forklift) to determine the direction of the pallet into the fork, and there will be different load-bearing design.
- 5, **The overall style of your warehouse or your personal preferences**, to determine the color of your pallet.

If you have any need, don't hesitate, Tell us what you need!

1, Quantity 2, Color 3, Size 4, Load Capacity 5, Special Requirement

Our Advantages

1. The panel have half and full two type, can be selected according to demand
2. Edge band to strengthen the protection of the panel and reduce damage
3. Covering the outlet of the tubes on the feet
4. As the pallet foot is the main part to bear the weight, so we use square tube.

Designed by experienced engineer
Solid and good looking

M-shaped reinforced Panels

Stronger
Longer service life,
Wear-resistant & durable.
